

## Help Improve Implementation of Blood Cancer Recommendations

Key dates	Survey currently open
Participants sought	Health professionals working with people diagnosed with blood cancer.
About	We want to find out more about awareness and use of blood cancer care recommendations, which will help us shape future care models and improve outcomes for patients across Australia.
What is involved	Complete an anonymous online survey about your awareness and use of blood cancer care recommendations. The survey is estimated to take approximately 10 minutes to complete.
How to get involved	Click this link: <a href="https://redcap.link/beaconbloodcancer">https://redcap.link/beaconbloodcancer</a>
