

AI in Social Work: Shaping the Future of Practice

Key dates	Open now.
Participants sought	Social work professionals.
About	This research project aims to explore the use and ethics of artificial intelligence in social work practice by conducting an international online survey with social work professionals. Through this research, we hope to enhance the current understanding of the uses and challenges of artificial intelligence within social work practice.
What is involved	A survey with a combination of multiple choice and short response questions that will take approximately 30 minutes to complete.
How to get involved	Click this link: https://uniofsunshinecoast.syd1.qualtrics.com/jfe/form/SV_9oygBHHJlxQk3hl 
Institution and investigator contact	For questions, contact: Dr Gerard Jefferies, University of the Sunshine Coast, Australia E: gjefferi@usc.edu.au
