

- I have been on the NQLD BMC since May 2026 (Although I do not appear listed on the AASW website).
- I attend the NQLD BMC Zoom meetings and have attended a majority of our networking breakfast meetings that are held monthly here in Townsville.
- I seek to contribute to promote the perspective of Social Workers within our regional area to ensure that the needs and voices of regional social workers, and that of our clients are heard and to avoid city centric practices that are unrealistic for remote and regional areas.
